

EXPLANATORY NOTES

1. Clinical practice will be done between 19th of July 2021 and 31st of August 2021.
2. The aims of the summer practice for the 1st year are focused on the student's becoming familiar with the way of organization and functioning of the medical facilities, as well as with the attributions of the medical staff.
3. The standard of knowledge is minimal and compulsory.
4. It is recommended that the practice may be made in general medicine or medical/surgical offices, hospital clinical departments or emergency services.
5. The practice will be carried on under the supervision of a specialist or medical doctor who will certify that by signature and stamp.
6. Students will upload their internship certificate on the Moodle platform between 01-02.09.2021. The practice training will be evaluated through an online test between 02-03.09.2021, at the date and time set by the internship tutor.
